About Me

Front-end software engineer with solid experience in the React.js and JavaScript ecosystems. I began my career in 2018, pursuing a Bachelor's degree in Software Engineering, and have since contributed to real-world projects centred on responsive interfaces, component architecture, automated testing, and REST API integration. I have worked in agile environments (Scrum/Kanban), helping to deliver scalable and intuitive solutions. I'm fluent in English, communicative, detail-oriented and highly collaborative. I'm committed to innovation and technical excellence.

Skills & Tools

Languages & Frameworks: React.js, JavaScript, TypeScript, HTML5, CSS3, Angular, Node.js, React Native.
Styling & UI: Tailwind CSS, Styled-components, responsiveness, design system, Figma.
Tools & Practices: Git, GitHub, Docker, CI/CD, unit tests, code review, documentation, Jira.
Methodologies: Agile, Scrum, Kanban, Clean Code, POO.
Integration: REST APIs, Node.js & Laravel/PHP back-ends.

Professional Experience

Front-end Software Engineer – VExpenses, Remote
May 2020 – December 2021
Main responsibilities:
- Developed interfaces with React.js and responsive design.
- Created a library of reusable components.
- Wrote automated unit tests and technical documentation.
- Deployed in staging and production environments.
- Realized code reviews, guided new developers and defined code standards.
- Integrated the application with REST APIs in Laravel/PHP.

Results achieved:
- Increased the average ticket value per customer.
- Reduction in customer operating costs.
- Improved user experience and attraction of new customers.

Agile Methodologies: Scrum with Kanban and biweekly sprints.

Front-end Software Engineer – SMN Tecnologia da Informação, Franca/SP - Brazil
August 2018 – May 2019
- Worked on the development of administrative systems with Angular.
- Created interactive forms, tables and graphs.
- Participated in multidisciplinary teams using agile methodology.
- Learned HTML, CSS, JavaScript, TypeScript and Git.

Education

Centro Universitário Municipal de Franca - Uni-FACEF
Bachelor's Degree in Software Engineering
2018 – 2021
